4 There is no doubt that the work in this office has got up to leaps & bounds & that the strengthening of establishment is necessary in order to cope with it efficiently. The Director asks for an accountant but provision is made for a Cashier only. I presume however that the Cashier is meant to be the Accountant. Also it is rather an unusual way of designation. I have no objection to the sanction of the proposed establishment temporarily till the end of the current official year.

Official presumably, if so, it is just what was expected to be done.

The additional staff considered necessary may be sanctioned tentatively for six months or till the end of current year, the cost being met by reappropriation from sanctioned grants in the Industries and Commerce budget. (Development grant of 79,000.)

In view of the need for economizing expenditure here, grant of the increase of pay and allowance aggregating Rs.87 per mensem proposed to men who were appointed only in July last may perhaps be deferred.

I fear this will not be possible

Director of Civil Supplies and Controller of Prices.

12/8/18 To

C.S.Balasundram Iyer, Esq., B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sir,

I have the honor to bring to the notice of Government that in consequence of the growth of work in this office the establishment of 3 clerks, sanctioned originally in Governmen Order No. 17050-52/G.M.644-17-9, dated 8th June '18 is quite -adequate to cope with the work satisfactorily. The receipt and issues of correspondence have been too heavy for one regi -tering clerk and the typist's time is fully occupied in the fair-copying of letters. The money transactions connected with Tanning bark and fuel are considerable and a competent accountant should be deputed solely for the work. The issue priority certificates and attention to the correspondence - - connected therewith as well as communications from Provincial Directors of Civil Supplies and Deputy Commissioners requires the services of another responsible official besides the Head-clerk. The need for strengthening the existing establishment was also felt by Mr. K. Chandy during his tenure of office and I understand that he contemplated submitting proposals to - - Government.

2. Although I have made temporary arrangements for the expeditious despatch of work by requiring the establishment of the Deputy Director of Commerce to assist that of the Director of

of Civil Supplies in order to relieve the heavy stress of work in the latter, I am of opinion that this arrangement cannot be carried on without prejudicing the work in both the offices. I beg, therefore, to submit that the following scale of establishment is very urgently called for, which is the minimum compatible with efficiency

To

Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sir,

Adverting to your letter No.G.4510/P.P.74-18-8 dated the 30th August 1918, requesting to forward a proposition statment duly verified by the Comptroller for the additional establishment required for this office, I have the honour to state that I have this day forwarded a proposition statement to the Comptroller for verification and transmission to you direct.

2. I also enclose a copy thereof for information. The statement includes the proposal for additional three peons, and local allowance to the three Inspectors, referred to in my -- letter No.667 dated 7th August 1918.

3. In regard to the necessity for a Cashier or accountant, I have to submit that money transactions on account of - fuel extend to nearly Rs.5000/- per month. The Accountant - has to maintain the individual accounts of 20 depot keepers - besides that of the Government depot at the Fort. The accounts maintained in the office about the supplies of tanning bark to the tanners in Bangalore and the Government depots in the Madras Presidency are exceedingly complicated. There are 45 tanners in Bangalore obtaining their supplies of bark from four depots. The money is paid into the Mysore Bank, but the accounts of --

14

each tanner and depot keeper are maintained in the Office. The accounts relating to the exports of bark from Tiptur to the Madras depots have also to be maintained. The aggregate value of the bark dealt with in July and August is over Rs. 1,88,000. The transactions relating to the office contingencies, etc., (the imprest being Rs.500/-) are proposed to be attended to by the Accountant. In these circumstances, a separate accountant is absolutely necessary.

4. I beg to submit that the increase of work in the office is so great that current work has largely fallen into arrears owing to inadequate clerical staff. I beg to be allowed to entertain the additional establishment pending the verification of the statement by the Comptroller.

I have the honour to be,

S i r ,
